Sir:

The following information is being brought to the Examiner's attention.

**I. LITIGATION ACTIVITY**

**A. *Ethicon* litigation**

Applicant brings the following information and list of materials to the attention of the Examiner. On February 13, 1998, ArthroCare Corporation filed a lawsuit in the United States District Court for the Northern District of California against defendants Ethicon, Inc., Mitek Surgical Products, Inc., and Gynecare, Inc., alleging infringement of U.S. Patent Nos. 5,697,909, 5,697,536, 5,697,281, and 5,697,882. The case was assigned Case No. C98-00609 WHO (the "*Ethicon* litigation"). The *Ethicon* litigation terminated in June 1999, with the defendants taking a license from ArthroCare under the patents-in-suit. The defendants paid ArthroCare a license fee and have paid ongoing royalties on sales in the United States of certain arthroscopy and gynecology products covered by these patents.

After the *Ethicon* litigation terminated, Applicant was apprised by a third party of section 2001.06(c) of the Manual of Patent Examining Procedure (“MPEP”) with respect to the prosecution of applications for patents other than those at issue in the *Ethicon* litigation and that were pending before the *Ethicon* litigation was commenced, namely, U.S. Application Nos. 08/807,111 (now U.S. Patent No. 5,891,095), 08/766,382 (now U.S. Patent No. 5,888,198), and 08/760,768 (now U.S. Patent No. 5,766,153).

Although not required to do so, Applicant did bring the *Ethicon* litigation to the attention of Examiner Mendez during the prosecution of at least U.S. Application Nos. 08/807,111 (now U.S. Patent No. 5,891,095), 08/766,382 (now U.S. Patent No. 5,888,198), and 08/795,686 (now U.S. Patent No. 5,871,469), during a telephone conference relating to those applications. Applicant also submitted the prior art that was principally relied on by the defendants in the *Ethicon* litigation to Examiner Mendez during the prosecution of U.S. Application Nos. 08/807,111 (now U.S. Patent No. 5,891,095), 08/766,382 (now U.S. Patent No. 5,888,198), and 08/795,686 (now U.S. Patent No. 5,871,469). Indeed, Applicant withdrew one of those pending applications, namely, U.S. Application No. 08/807,111 (now U.S. Patent No. 5,891,095), from allowance to provide Examiner Mendez with the opportunity to consider those references.

In addition, Applicant provides the following list of materials from the *Ethicon* litigation that reflect the defendants’ and ArthroCare’s primary arguments relating to issues of validity and enforceability:

B. *Smith & Nephew* litigation

On July 25, 2001, ArthroCare Corporation commenced an action in the United States District Court for the District of Delaware against Smith & Nephew, Inc. ("Smith & Nephew") for infringement of U.S. Patent Nos. 5,697,536 ("the '536 Patent"), 5,697,882 ("the '882 Patent") and 6,224,592 ("the '592 Patent"). That action was assigned Civil Action No. 01-504-SLR (the "*Smith & Nephew* litigation"). The *Smith & Nephew* litigation proceeded to trial commencing on April 30, 2003. On May 12, 2003, the jury returned a verdict in favor of ArthroCare on infringement and validity issues with respect to all three patents. A copy of the jury's verdict, dated May 12, 2003, is enclosed. Thereafter, on June 20, 2003, the Court entered judgment on the jury's verdict. A copy of the judgment is enclosed.

Numerous papers were filed with the Court during the *Smith & Nephew* litigation. The official docket kept by the clerk of the Delaware District Court, which is 43 pages long, is enclosed. The files holding the documents corresponding to the docket entries on the official docket span approximately eight linear feet of shelving space. Applicant is enclosing herewith the following

1. Smith & Nephew marked its infringement contentions "Highly Confidential – Attorneys' Eyes Only" under the protective order. Accordingly, Applicant has secured redacted pages that omit Smith & Nephew's infringement contentions from this document.

<sup>2</sup> Smith & Nephew's Reply Brief In Support Of Its Inequitable Conduct Case, dated July 24, 2003, was filed under seal by Smith & Nephew. If the Examiner requests a copy, Applicant will contact Smith & Nephew in an attempt to secure an agreement by which the brief can be disclosed.

of judgment of no inequitable conduct and a motion to modify the protective order. ArthroCare filed a motion for entry of judgment of no inequitable conduct and a motion for a permanent injunction.

On March 10, 2004 the Court ruled in favor of ArthroCare on all post trial motions. The Court issued a 90 page memorandum opinion: 1.) denying Smith & Nephew's motion for judgment as a matter of law; 2.) denying Smith & Nephew's motion for a new trial; 3.) granting ArthroCare's motion for entry of judgment of no inequitable conduct; 4.) denying Smith & Nephew's cross motion to strike ArthroCare's motion for entry of judgment of no inequitable conduct; 5.) granting ArthroCare's motion for a permanent injunction; and 6.) denying Smith & Nephew's motion to modify the protective order.

The Court also issued, on March 10, 2004, a memorandum opinion granting ArthroCare's motion to dismiss Smith & Nephew's antitrust counterclaims.

The above mentioned memorandum opinions and corresponding orders are enclosed for your consideration.<sup>3</sup>

On June 9, 2004, the Court issued an order enjoining Smith and Nephew from directly infringing, inducing the infringement, and contributing to the infringement of the '536 Patent, the '882 Patent and the '592 Patent. The above mentioned memorandum opinions and corresponding orders are enclosed for your consideration<sup>4</sup>. Smith & Nephew has appealed the judgment and the injunction to the United States Court of Appeals for the Federal Circuit. This brief is enclosed.

On May 10, 2005, the Federal Circuit Court of Appeals issued a decision (attached) in connection with the lawsuit between ArthroCare and Smith & Nephew. In its decision, the Court, among other things, upheld the jury's verdict in favor of ArthroCare on U.S. Patent Nos. 5,697,882 and 6,224,592, but reversed the jury's verdict as to the validity of claims 46, 47, and 56 of U.S. Patent No. 5,697,536.

On May 23, 2005, Patentee filed a Combined Petition for Panel Rehearing and Rehearing *En Banc* (attached). The Petition specifies several points of law and fact overlooked or misapprehended by the Court of Appeals for the Federal Circuit in its May 10, 2005 Decision relating to the '536 Patent, the '882 Patent, and the '592 Patent. The Court issued an Order, dated July 12, 2005, denying Patentee's request for a panel rehearing and rehearing *En Banc*.

On September 2, 2005, ArthroCare and Smith & Nephew entered into a settlement agreement settling the legal disputes arising from the *Smith & Nephew* litigation. Attached is the Form 8-k, dated
